

Summary

Analyst duties encompass all facets of Electronic Intelligence (ELINT); and electromagnetic warfare (EW) analysis including installation, operation, and preventive maintenance of associated equipment. Analysts perform signals analysis, prepare electronic order of battle appraisals, and map overlays. They operate signals intelligence (SIGINT) support equipment, to include systems setup, operations reporting, computer processing of tape recordings, issuing necessary EW reports, assisting in air crew training/briefings, and performing routine preventive maintenance. Analysts are trained in the use of the integrated broadcast receiver/systems and analytic programs. Marines must be familiar with the conduct of SIGINT, EW, and cyber operations in support of the marine air ground task force (MAGTF) at both team and battalion levels and be prepared to contribute to each as deemed necessary by the unit commander.

Prerequisites

- 1 Must be a U.S. citizen.
- 2 Must possess an EL score of 110 or GT score of 110 or higher.
- 3 Must successfully complete a counter-intelligence scope polygraph examination.
- 4 Security requirement: must have a current single scope background investigation/T5 investigation and adjudicated for sensitive compartmented information (SCI) eligibility.
